Subject: Redevelopment Authority Appointment

Mayor-elect Swadley,

Congratulations on your recent election to the office of Mayor of Stoughton. I am really excited about the prospect of new leadership and direction towards the future of our community.

As you make your many considerations for public and private citizen appointments to the many city committees and commissions,
I would greatly appreciation your consideration for an appointment recommendation to the City of Stoughton Redevelopment Authority.

As you know, I formally served on that commission during my tenure as City Council Alder in 2010. I feel it is important to have membership to this group focusing on the planned Riverfront Redevelopment area; along with other downtown/main street redevelopment areas outlined within the 2008 Railroad Redevelopment Corridor plan.

I currently sit on the Dane County Board of Supervisors and have retained that seat for another 2 year term. I feel I have expertise in both public and private funding mechanisms for redevelopment projects in this city and throughout the region. I have worked in the private sector; as a Civil/Environmental Engineer, primarily in the area of development of commercial/industrial building sites. I have a strong background in the environmental regulatory requirements set forth in most urban/infill type of redevelopment projects.

I am hoping that my qualifications meet your standards for appointment to the RDA and look forward to serving our community in a much more local capacity.

Thank you very much for your consideration.

Supervisor Carl T. Chenoweth - District 35
Dane County Board of Supervisors

Personnel & Finance Committee - Secretary
Land Conservation Committee - Chairman
WI Land & Water Conservation Board - Member
Dane County Food Council - Member
Healthy Farms/Healthy Lakes Task Force - Member
Dane/Kassel County, Germany - Sister County Task Force - Vice Chairman
