Re: Former Chief Wegner-Pension

After a thorough review of the document 01a-Pension Rules and Regulations (1983) and the 01b-Stoughton Volunteers Firefighter Pension Fun Rules and Regulations 1983 updated _____, 2018 it has been determined that the 2018 document was never officially voted on and adopted by the Pension Board and the Membership.

Chief Ripp, former Chief Lamers, former Mayor Olson and Director Gillingham have all reviewed the Pension Plan and discussed the transfer of Chief Wegner from a pump operator all the way through his final promotion to Chief. Because there is no documentation that proves that the 1983 document is not current we must legally follow those Rules and Regulations.

No one has been able to provide minutes showing that the 2018 revisions were voted on, adopted and disseminated to the members of the Stoughton Fire Department in 2018 or any year following.

Therefore, it is our professional opinion that based on the facts presented, Former Chief Wegner's request for his pension to be paid at 150% would meet the criteria of the current rules and regulations in place that are referenced in the 1983 Pension Rules and Regulations document.

Volunteer FF Pension Payout for 2020

Retiree	date retired	other info	died	spouse	died	Pension amount
Bakken Clifford	12/31/1990			Helen		$1,209.87
