Project Funding and Labor

- Donation to SABA
  - A tentative $35,000 donation to the Stoughton Area Baseball Association (SABA) for the removal and installation of new dugouts at Norse Park is pending approval from the City of Stoughton.
- Contractors Hired by SABA
  - All third party contractors, other than those working on concrete for ADA Access, will be hired and paid for by SABA. All contractors working on the project must be properly insured to meet or exceed the City of Stoughton's general liability insurance limits.
- City of Stoughton Contribution
  - The City's in-kind contribution will be to use staff time to manage the project, which includes coordinating with the various user groups, working with the various trades on scheduling, removal of the existing dugouts and slab, excavating for the concrete slab, pouring of the new slab, concrete for ADA access, construct or work with volunteers to construct the roof structure, and surface restoration at the end of the project.
