0 1,000 2,000 Feet

LEGEND

RECREATIONAL ROUTES

- Bike Route
- Existing Trail
- Existing Bike Lane
- Future Bike Lane
- Proposed Multi-Use Trail
- Planned Multi-Use Trail
- Snowmobile Trail

OTHER ROUTE IMPROVEMENTS

1. **Bike/Ped Bridge**
   A bike/ped bridge is recommended to serve the future residents of the Kettle Park West development.
2. **Cooper's Causeway Bridge**
   Reconstruction of the bridge at Cooper's Causeway should include bike/ped accommodations. The current configuration under the bridge is unsafe as bicyclists, pedestrians and motorists are forced through the same narrow passage. Improvements should include widening the road and separated facilities for bike/ped users.
3. **Bike/Ped Bridge**
   A bike/ped bridge is recommended to connect the future RDA Riverwalk to the Mandt Park trail network and future whitewater park development.
4. **Snowmobile Trail Crossing**
   Improvements are recommended at the snowmobile trail crossing at Highway 51. Improvment options should be investigated including signage, HAWK signals, pavement markings and/or an underpass.

DESTINATIONS

- Parks
- Schools
- County Parks
- Future Park (Approximate Location)
