Hello Chief & Kelly,

[redacted]

First off, I would like to officially request an additional leave of absence for the maximum time allowed, ninety days.

I understand that, during the 90 days of additional leave, the City of Stoughton will be paying for my benefits for the first 30 days. Can you please tell me the speficific date that this would end and I would be on my own to either elect for COBRA coverage or insurance through an independant source?

As you mentioned in your letter, I would have the option to explore other avenues for insurance for the remaining 60 days. [redacted]

My biggest question for you is what happens after the additional 90 days has lapsed[redacted]

Thank You,

[redacted]
