Date: July 28, 2023

To: Landmarks Commission

From: Michael Stacey
Zoning Administrator/Assistant Planner

Subject: Administrative COA Approvals

On July 13, 2023, the Landmarks Commission approved administrative COA approval for roof projects when the roof materials are proposed to be replaced with the exact same materials such as a flat rubber roof or asphalt shingles.

As requested, I am providing potential exterior projects that may make sense to administratively review and approve instead of bringing to the Landmarks Commission for a formal approval.

The following are potential projects that may allow for administrative review/approval:

Any project that replaces or repairs an existing feature, using the same materials, in the same location, same size and color, such as:

a) Exterior stairs
b) Awnings
c) Signage
d) Exterior doors
e) Windows
f) Exterior light fixtures
g) Siding
h) Gutters / Downspouts
i) ?
