4. Discussion and possible action regarding 2018 Joint Court Agreement with the Town of Dunkirk.

Items 4-6 were discussed jointly. Municipal Court Clerk Giemza explained that these agreements were to renew current agreements for Joint Municipal Court with the three Townships. Giemza pointed out that the most significant change is the fee structure hasn't been used in well over 5 years. Giemza indicated that the Court has been charging the Townships only the court fee (\$33.00) per citation and that the balance is then distributed per State Statute requirements. Giemza reported that the new agreements now match practice.

Mayor Olson asked for explanation of the current \$80.00. Giemza stated that on traffic citations the State regulates the division and disbursement of citation fees. Mayor Olson questioned whether the court fee covers the actual expenses that the Court has in processing the citations. Giemza reported that it currently does. Giemza went on to explain that only the Town of Pleasant Springs has been using the court on a regular basis. She explained that Pleasant Springs contracts with the Dane County Sheriff's Office for approximately 8 hours of mostly traffic enforcement each month. This results in an average of about 46 citations a month and that it hasn't been a burden on the court so far.

Johnson asked for further explanation on how the court currently operates. Giemza stated that since she has been clerk (5 years), the court has only assessed the \$33.00 court costs from the citations. Mayor Olson reported that the Sheriff's Office is negotiating with the Town of Dunkirk for possible contract policing in the future.

Mayor Olson stated that she would like the court to monitor the numbers and if the amount of time it takes to process the Town(s) citations becomes a burden the agreements should be reexamined. Leck highlighted that the agreements all have a 60 day clause that could be used to reopen and reevaluate the agreements.
