Re: February Forestry Activities Report

- I assisted with several snow events in February.
- I attended the Wisconsin Arborist Association annual winter conference in Green Bay.
- Two (2) city trees were removed in February in city parks. Additional large tree removals still need to be completed within some parks but conditions have not been conducive to using equipment on turf covered areas.
- One (1) ordinance violation notice was sent out to a resident in February. This notice was for low branches over the sidewalk.
- One (1) terrace tree planting application for new construction was submitted in February. This application is for a portion of the 51 West development that includes multiple apartment buildings.

Respectfully Submitted,

John Kemppainen, C.A.  
City Forester
