**Meeting adjourned at 7:55 pm.**

Minutes submitted by Director Gillingham  
June 5, 2020

## STOUGHTON POLICE & FIRE COMMISSION

### July 2020 Police Department Report

#### **Last quarter highlights:**

The department has operated under a State of Emergency since late March. Patrol staff continues to operate on the 12-hour schedule, which has been effective on not only separating staff but enhancing our shift coverage. These schedule modifications will likely continue until June.

We continue to be quite fortunate that we have had very little issues with compliance with the Stay at Home order. The general public has been outstanding in compliance and we have received minimal complaints of non-compliance. Stoughton is indeed a strong and conscientious community. We do ask for this continued support as Safe at Home transitions to our new normal.

Recruitment for the vacant Office Manager position that has been put on hold due to the COVID-19 pandemic will likely pick up again within the next few weeks. Working with the HR Department, we will look at our candidate pool and determine whether we continue on or re-advertise the position.

As of the end of May, the department has returned to normal work schedule rotations. The rotations worked well during the State of Emergency and allowed us to remain completely functional with no cases of COVID-19 in the department. Officers have also started returning to a more normal operating mode while still utilizing good PPE use and avoidance of exposure when possible.

During the last week in May and first week in June, our combined Crowd Control Unit received quite the work out and on the job training during the violent protests in Madison. Our Unit was called for Mutual Aid by Dane County Sheriff/Madison PD to assist. The feedback I have received was that our Unit performed very well throughout.

Our combined Crowd Control Unit was called out several more times in early June to help with protests in Madison. We continued to receive feedback from both the Dane County Sheriff's Office and Madison PD that our Unit performed very well.

The department is pleased to announce that Katie Munley has been hired for the Office Manager position. Katie has been with the department as a part-time dispatcher for several years and currently works fulltime at the Dane County Communications Center. Katie will start her new duties on July 20<sup>th</sup>.

The department completed two squad changeovers. Both of the new squads are Hybrid Ford SUV's. In 2020, Ford also changed interior dimensions again which required us to modify of purchase new interior hardware. The new Hybrid squads are supposed to save about \$2,000.00 per year in fuel costs.

The department is also switching over our Body Worn Camera Units to those that will link directly with the Squad video. This will help that the officers will not have to carry the additional audio mic from the squad video system. One device is designed to do both functions.

### **Personnel Updates**

Alec Thurston has been progressing well through Field Training. Alec is from Sun Prairie and most recently worked security at American Family Insurance. Alec began his duties on March 30<sup>th</sup> and will spend the next 3 months in Field Training. With this hiring of Alec, the department is now back to full authorized staffing in Patrol.

The department has filled the vacant Office Manager position. Long time part-time dispatcher Katie Munley has been hired to fill the position. Katie most recently worked fulltime at the Dane County 911 Center. Katie will make a fine addition to our staff.

### **Significant Incidents**

4-02-20, Officers referred charges of Disorderly Conduct and Resisting/Obstructing an Officer on two 17 year olds, a male and female, following a report by a citizen of a male subject throwing a female subject to the ground. Upon being contacted both subject became confrontational to officers. Subjects were both detained a then released to their guardians pending charges.

4-10-20, Officers are investigating a substantial fraudulent scam that took place at a local business. Case remains under investigation.

4-12-20, Officers arrested a 20-year-old male for Theft and Felony Bail Jumping following an incident where the subject stole several items from a residence.

4-13-20, Officers arrested a 20-year-old male for Burglary, Possession of THC and Felony Bail Jumping following the officers getting called to a burglary in progress. Subject was apprehended a short distance from the scene. This is the same subject from the 4-12-20 incident above.

4-20-20, Officers arrested a 31-year-old male for 2<sup>nd</sup> Degree Reckless Endangerment, Substantial Battery, Burglary While Armed, Felony Bail Jumping, and Receiving Stolen Property following a disturbance and attack with a knife at a residence. Both the victim and suspect were transported to the hospital following the incident. The incident stated following a dispute between subjects that were known to each other. Both the victim and suspect received non-life threatening injuries.

5-16-20, Officers arrested 36-year-old male on a Probation Hold following the officer investigating a suspicious person that was hitting his head on the side of a retail store building. Subjects Probation Officer placed a hold on the subject who was emotionally disturbed.

5-19-20, Officers arrested 44-year-old female for Fleeing/Eluding an Officer, Parole Violation Possession of Heroin, Possession of Methamphetamine, Possession of Drug Paraphernalia, and traffic violations following an incident where the suspect attempted to elude the officer for a speeding violation. The officer discontinued a pursuit and was in the vicinity of the vehicles last known location when he observed the vehicle attempt to swerve around a County Deputy and go into the ditch. The subject was then taken into custody without further incident.

6-02-20, Officers arrested a 35-year-old male for Intimidating a Victim, Disorderly Conduct, and OWI following a domestic disturbance.

6-04-20, Officers referred charges of Possession of Heroin and Possession of Drug Paraphernalia on a 28-year-old male following an overdose incident.

6-05-20, Officer referred charges of Burglary, Felony Bail Jumping, and Criminal Trespass on a 32-year-old male following an ongoing domestic incident. The subject fled the scene prior to officers arriving.

6-08-20, Officers dealt with another incident on the previous 32-year-old male from 6-5-20. Additional charges were also filed. Subject was taken into custody by Janesville Police on a Probation Hold.

6-09-20, Officers arrested a 38-year-old male for Felony 6<sup>th</sup> Offense OWI following a traffic stop.

6-22-20, Officers took a 16-year-old male into custody and transported him to the Juvenile Detention Center on charges of Operating Vehicle Without Owner's Consent following the officer observing and stopping the stolen vehicle. Officers had spotted the vehicle a short distance away from the theft location. Upon stopping the vehicle, the suspect ran and the juvenile caught after a brief foot chase.

6-23-20, Officers arrested a 28-year-old male for Operating Motor Vehicle Without Owner's Consent following the officer discovering a stolen vehicle. Officers had stopped the vehicle for a traffic violation and found that it was stolen out of the Town of Madison.

6-30-20, Officers arrested a 19-year-old male for Strangulation, Physical Abuse of a Child, False Imprisonment, and Disorderly Conduct following a domestic disturbance.

### **April Statistics**

The Stoughton Police Department logged 1,762 incidents for April. Cases of interest for the month were: two drug incidents, eighteen thefts, ten domestic disturbances, three threats, thirty-four disturbances, eighteen disorderly conducts, seven traffic crashes, forty-three EMS assists, seven alarms, two juvenile incidents, fifty-seven 911 calls, one warrant arrest, fourteen animal complaints, and officers responded to twenty-two suspicious activity calls. Officers also logged 33 check persons, 76 check properties, 107 assist cases, 29 criminal charges, 9 ordinance violations, and 7 traffic arrests from 15 traffic stops.

### **May Statistics**

The Stoughton Police Department logged 1,849 incidents for May. Cases of interest for the month were: six drug incidents, nine thefts, eight domestic disturbances, four threats, thirty-one disturbances, twenty-seven disorderly conducts, twelve traffic crashes, thirty EMS assists, nine alarms, one juvenile incident, seven-one 911 calls, two warrant arrests, twelve animal complaints, and officers responded to thirty suspicious activity calls. Officers also logged 38 check persons, 41 check properties, 70 assist cases, 35 criminal charges, 6 ordinance violations, and 12 traffic arrests from 33 traffic stops.

## **June Statistics**

The Stoughton Police Department logged 2,339 incidents for June. Cases of interest for the month were: four OWI, three stolen vehicles, two drug incidents, sixteen thefts, sixteen domestic disturbances, ten threats, forty-seven disturbances, eighteen disorderly conducts, nine traffic crashes, fifty-six EMS assists, sixteen alarms, five juvenile incidents, eighty-five 911 calls, two warrant arrests, twenty-three animal complaints, and officers responded to thirty-two suspicious activity calls. Officers also logged 55 check persons, 37 check properties, 95 assist cases, 40 criminal charges, 8 ordinance violations, and 8 traffic arrests from 37 traffic stops.

## **Training Highlights**

### **April**

All In-service and other training has been cancelled as a result of COVID-19

### **May**

No Training due to COVID-19

### **June**

Officers participated in a two-hour online training course called Pressurized People regarding dealing with people under extreme stress.

All In-service and other training has been cancelled as a result of COVID-19

Report respectively submitted,  
Chief Greg Leck

**Stoughton Fire Department**  
**August 2020 Police and Fire Commission Report**  
**Fire Chief – Josh Ripp**

The second Quarter has been hectic, to say the least. We've been coordinating the equipment purchase projects (Brush 7, new Car 1, New Squad 5) to ensure we have vehicles in service as soon as possible. They all have a few trips to make for various components (radios, lettering, paint, etc). We are expecting all vehicles to start showing up in early August.

We've also had to adjust our practices based on recent COVID-19 recommendations and public health rules. We are now requiring masks in the station, all the time. We've supplies some cloth masks to every member, and have disposable masks available at each door. Members also need to don a disposable mask on every run, until they need to don an SCBA.

**Personnel Statistics**

We are currently at 34 staff members. Of those:

32 are Active

1 is working on return to work paperwork

1 has not been active at trainings or calls

We are hoping that we soon will have 38.....

**Training:** We have continued to use remote trainings to cover a number of sessions. Recent trainings include:

May 4 – Vehicles and their equipment and capabilities, Response orders, Discussion of MABAS plans

May 18 – Cribbing and Stabilization review, Captain Rask

June 1 – Radio Training, new templates, new out of county information

June 8 – Struts review and discussion (Captain Rask Presented)

June 15 – Accountability System review, and I Am Responding (software for FF notification, response info, etc) Review and discussion

July 6 – Water Rescue discussion, review of the drowning call on Lake Kegonsa

July 13 – PPE and Decon review – Covid Specific Items

July 20 – Mobile Data Computer Login, use, etc

July 27 – Standpipe and Sprinkler system review/discussion (Matt Hamilton is our local expert, and did this, coordinated with DC Miller on local systems)

### Call Statistics

We are currently at 195 calls for the year. The second column is YTD 2019. We are currently down about 20 calls for this time last year.

	<b>YTD 2020</b>	<b>YTD 2019</b>
Stoughton	120	132
Dunkirk	13	16
Dunn	20	18
Pleasant Springs	18	19
Rutland	08	07
Mutual Aid	<u>16</u>	<u>24</u>
<b>TOTAL</b>	<b>195</b>	<b>216</b>

### **Time Statistics**

The second set of numbers/graphs represent our response times (time from dispatch to on location). The construction has definitely had an impact on our times. In 2019, the our times count was highest in the 9-10 minutes range. However, in 2020 our counts are in the 11 to 12 minute range.

### **Other Statistics**

I've included some information on other call statistics:

- Call by day of week for 2020 and the year of 2019
- Calls by hour of the day for 2020 and 2019

### **Reporting Software**

We were recently advised that our department management software (Firehouse Software) is being discontinued at the end of 2021. This is used for reporting incidents, tracking personnel, tracking equipment, training, etc. We will be budgeting for that transition, researching possible platforms, and planning on training and implementation over 2021. I'll be working with other county fire chiefs to find ways to work together on this project. EMS had moved to a consolidated reporting platform a number of years ago, which has provided numerous benefits in getting consistent data out of the reports, where good decisions based on this data have occurred with staffing, equipment decisions, etc. I'm hoping we can do something similar for FD's in Dane County.

## **Budget for 2021**

We are working through our Budget requests for 2021. The requests have been prioritized, based on Safety, Training, Standardization and reporting/data needs. Our Capital Budget requests include:

- Breathing Air Compressor Replacement
- Tires on the Ladder Truck (aging out past recommendation of replacement of 7 years)
- Personal Protective Equipment replacement, additions (bunker gear, Wildland gear, with a grant from the DNR being applied for as well, and additional Swiftwater PPE for members.
- Radios for Testing and developing a replacement plan for the radio fleet
- Station Architect funding – To begin getting current costs to add a living quarters to the existing fire station.
- Finish adding MDC's to each fire apparatus
- Adding Knox key secure boxes to major apparatus and command cars.

Operations budget request included:

- Additional funding for the training budget (significant increase)
- Request additional funding to add a 4<sup>th</sup> position on "Duty Crew" for nights and weekend shifts
- Request to expand the Fire Technician position to 40 hours per week.
- Increase in Uniforms for volunteers
- Increase in equipment maintenance, to ensure issues are found ahead of time, as opposed to be reactionary to repairs.

### **Significant Calls:**

**Lake Kegonsa Drowning** – This is the first big use of our new Sonar device that the SFD had purchased out of fundraising monies. The initial response was included us, Stoughton EMS, Dane County Sheriff's Office, with City of Madison Fire Lake Rescue, the WI DNR, McFarland Fire and Rescue called in Mutual Aid. At various points during the search, we had 5 to 6 boats on the water participating in various activities. The drowning victim call came in Saturday night, and the body was recovered the following Tuesday evening. We had members switching out over the course of the next few days and assisting with the search, for 8-12 hours each day. The tragedy allowed us to get SFD staff much more experience on the water, using the Sonar, and familiarity with the lake than we had starting.

**Dumpster Fires** – We've had a couple calls for dumpster fires in the downtown area. They both destroyed the dumpsters (which are more commonly being made from plastic), and had potential for expanding to other buildings. One was caused by remains from a charcoal cooker that was assumed to be "out". The resident had cooked a few hours before the dumpster fire. The second one appears to have been caused by discarded used up fireworks materials (sparklers, roman candles, etc).

## Training

First, I'd like to report that the newest members of the department have passed their Probationary period. These are Firefighters Emma Gunsolas and Michael Stacey. We will plan some official presentation when we can get a group of people together.

The training committee has been hard at work, planning out the assigned task of training planning and scheduling for the next couple years. They've been putting in a ton of time, and are starting by developing an assessment, to see where we stand as a department, skill wise. The training plan will be based on building off of that knowledge.

They are also working on a training plan for our new members, to get them up to speed on department operations, skills, etc. We will be moving to a check list plan for each member, to ensure we are covering all the important information, especially with the varying levels of experience coming in.

## Projects

**Equipment** - The new Squad 5 is scheduled to be delivered the second week of August. We will be performing inspections on it the first week of August. However, due to COVID, the normal trips and large groups aren't allowed by Pierce. Groups of no more than 3 people from any department are required. We've made adjustments to accomplish this. First, we'll receive a package of high resolution photos, to review on August 4<sup>th</sup>, which we'll look at every nook and cranny. Everyone from the department's Squad 5 committee will be involved. The notes from this review will be given to the two crews going up to Pierce (two days, two different crews). The crews are made up personnel I picked, to concentrate on specific portions of new truck, to inspect. One day will be general chassis, cab, powertrain, paint, etc. The second day will be specific rescue components, compartments, etc. The crew on the second day will also have existing Squad 5 with them, to be able to measure, compare, etc, any of the existing equipment that will be moved over to the new truck.

We are awaiting delivery of the new Car 1 and new Brush 7 vehicles. They were scheduled to be built the 2<sup>nd</sup> and 3<sup>rd</sup> weeks of July.
