SECTION 1:

Executive Summary

Description of District

Tax Incremental District (“TID”) No. 4 (“District”) is a 29.82-acre Blighted Area District created on March 23, 1999. The District was created to:

- Eliminate blight in the Downtown by upgrading public infrastructure and provide grants to businesses and property owners to improve their buildings, among other things.

The first amendment occurred in September 2006, allowing for TID 4 to receive excess revenue from TID 2. The second amendment occurred in January 2010 for the purpose of adding territory and project costs, including project costs within a half-mile of the District boundaries.

Purpose of Amendment

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to:

- Allow excess revenue to be transferred to Tax Incremental District No. 5 and Tax Incremental District No. 8 (“Recipient Districts”) as permitted under Wis. Stat. § 66.1105(6)(f)1. The Plan Amendment meets the following criteria necessary to allow for the transfer of excess revenue:
 1. The District and the Recipient District lie within the same overlapping taxing jurisdictions.
 2. The District is within its expenditure period, which expires March 23, 2021.
 3. The District has enough revenue to pay for all current Project Costs and has enough excess revenue to pay for eligible project costs of the Recipient District.
 4. Recipient Districts are blighted area districts which qualify as eligible recipients of excess revenue.

Estimated Total Project Cost Expenditures

The City anticipates making total expenditures (sharing of increment with TID 5 and TID 8) of approximately \$1,034,326 (“Project Costs”) to assist with the overall cashflow of TID 5 and TID 8. New project costs for TID 4 only include the revenue sharing with TID 5 and TID 8.

Incremental Valuation

The City does not expect that new value will result from this amendment, rather it will allow TID 5 and TID 8 to have improved cashflow and closeout 2 years and 17 years, respectively, earlier. However, the City does expect that TID 8 will have future development that will cover future projects of TID 8.

Expected Termination of District

Based on the Economic Feasibility Study located within Section 8 of this Plan, after the revenue sharing with TID 5 and TID 8, the City anticipates that the District will generate enough tax increment to pay all Project Costs and closeout at the mandatory closure date of March 23, 2026.

Summary of Findings

As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

- ✓ **That “but for” the creation of this** District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the City. In reaching this determination, the City has considered:

Current and projected tax increment collections for the Recipient Districts will be insufficient to pay for project costs already incurred and/or the additional projects that need to be completed in the District to achieve the objectives of the Project Plan.

- ✓ The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the City has considered the following information:

This amendment is to share excess revenue with underperforming TIDs. As such, this amendment will not directly lead to increased employment, business and personal income, and property value increases

- ✓ The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions.

Given that it is likely that the Recipient Districts will not achieve all of the objectives of its Project Plan or in the same manner without the ability to share in the surplus increments of the Donor District, the City reasonably concludes that the overall additional benefits of the District outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions. It is further concluded that since the “but for” test is satisfied, there would, in fact, be no foregone tax increments to be paid in the event the Project Plan is not amended. Finding Required by Wisconsin Statutes Section 66.1105(4m)(c)1.c.

- ✓ The boundaries of the District are not being amended.
- ✓ Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.
- ✓ The Plan for the District is feasible and is in conformity with the Master Plan of the City.
- ✓ The City estimates that redevelopment of the territory within the District will likely include retail business.

SECTION 2:

Maps of Current District Boundary

Maps identifying the current boundaries of the Districts can be found on the following pages. The District's boundaries are not being amended.

TID 4 Boundary Map

1999 Creation & 2010 Addition of Parcels Amendment

TID 5 Boundary Map

2010 Creation & 2018 Subtraction of Parcels Amendment

TID 8 Boundary Map
2018 Creation

DISTRICT BOUNDARY AND MAP OF TID #8

Map #1: TID #8 Boundary and Parcels

SECTION 3:

Map Showing Existing Uses and Conditions

The District's boundaries are not being amended. The "Map Showing Existing Uses and Conditions" included within the District's amended Project Plan dated January 12, 2010 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 4:

Equalized Value Test

No territory will be added to the District. Demonstration of compliance with the equalized value test is not required for this Plan Amendment.

SECTION 5:

Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

No changes to Project Costs are planned. The "Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District" included in the District's amended Project Plan dated January 12, 2010 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 6:

Map Showing Proposed Improvements and Uses

The District's boundaries are not being amended. The "Map Showing Proposed Improvements and Uses" included within the District's amended Project Plan dated January 12, 2010 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 7:

Detailed List of Estimated Project Costs

No changes to Project Costs are planned. The “Detailed List of Estimated Project Costs” included in the District’s amended Project Plan dated January 12, 2010 remains unchanged and is incorporated by reference as part of this Plan Amendment.

While not considered to be a Project Cost, this Plan Amendment provides authority for the District to transfer excess revenue to TID 5 and TID 8.

SECTION 8:

Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how remaining Project Costs would be financed, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

Assuming the City’s current equalized TID Interim tax rate of \$22.14 per thousand of equalized value, and no economic appreciation or depreciation, TID 4 is expected to generate approximately \$7,866,100 in new incremental value over the 27-year term of the District as shown in Table 1.

Notes:
 Actual results will vary depending on development, inflation of overall tax rates.

Financing and Implementation

The initial projects identified in the plan are intended to be funded with the cashflow of the district and the revenue sharing. Based on the Project Cost expenditures as included within the cash flow exhibit (Table 4), the District is projected to accumulate sufficient funds by the year 2026 to pay off all Project cost liabilities and obligations. The projected closure is based on the various assumptions noted in this Plan and will vary dependent on actual Project Costs incurred and the actual amount of tax increments collected.

Table 3 - Financing Plan

Since no financing except the anticipated revenue sharing is to take place, the cashflows starting on Page 15 of this plan incorporate the financing plan.

Notes: [Redacted] - per 2019 audit														Projected TID Closure				

SECTION 9:

Annexed Property

A tax incremental district cannot include annexed territory unless at least three years have elapsed since the annexation, or certain other requirements are met. No territory is being added to the District as part of this Plan Amendment.

SECTION 10:

Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the City estimates that redevelopment of the territory within the District will likely include retail business.

SECTION 11:

Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and City Ordinances

Zoning Ordinances

The proposed Plan Amendment is in general conformance with the City's current zoning ordinances. Individual properties may require rezoning at the time of development. Land within the District zoned industrial at the time of District creation will remain in a zoning classification suitable for industrial sites for the life of the District.

Master (Comprehensive) Plan and Map

The proposed Plan Amendment is in general conformance with the City's Comprehensive Plan identifying the area as appropriate for blight district.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the City's permitting and inspection procedures. The proposed Plan Amendment conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 12:

Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:

How Amendment of the Tax Incremental District Promotes the Orderly Development of the City

This Plan Amendment promotes the orderly development of the City by eliminating blighted areas, providing necessary public infrastructure improvements, and providing appropriate financial incentives for private development projects. Through use of tax increment financing, the City can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses. Development of new uses in the District will add to the tax base and will generate positive secondary impacts in the community such as increased employment opportunities.

SECTION 14:

List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. Examples of non-project costs are:

- A public improvement made within the District that also benefits property outside the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- A public improvement made outside the District that only partially benefits property within the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- Projects undertaken within the District as part of the implementation of this Project Plan, the costs of which are paid fully or in part by impact fees, grants, special assessments, or revenues other than tax increments.

No improvements to be made within the District will benefit property outside the District. Furthermore, there will be no improvements made outside the District that will only partially benefit the District.

SECTION 15:

Legal Opinion Advising Whether the Plan is Complete and Complies with Wis. Stat. § 66.1105(4)(f)

Mayor
City of Stoughton
381 E Main St
Stoughton, Wisconsin 53589

RE: Project Plan Amendment for Tax Incremental District No. 4

Dear Mayor:

Wisconsin Statute 66.1105(4)(f) requires that a project plan for a tax incremental financing district include an opinion provided by the City Attorney advising as to whether the plan is complete and complies with Wisconsin Statute 66.1105. As City Attorney for the City of Stoughton, I have been asked to review the above-referenced project plan amendment for compliance with the applicable statutory requirements. Based upon my review, in my opinion, the amended Project Plan for the City of Stoughton Tax Incremental District No. 4 is complete and complies with the provisions of Wisconsin Statute 66.1105.

Sincerely,

City Attorney
