4 . Working together

Each pantry will distribute flyers or information about each other to insure needy clients know of places to get help.

Methodist commented they like the way current shared food drives are handled – with products weighed at the City Pantry and then distributed with Methodist sending over some trucks and each pantry receiving half of the food.

Methodist suggested that future meeting be held quarterly

Mike offered to assist Methodist with using computer software for their pantry records

If City Pantry gets a donation of baby formula – send it to Methodist pantry

5 Adjourn at 8:15pm
